

## **CUSTOMER ADVISORY FLEX 10K ORDERING CODE CHANGE**

Altera's FLEX 10K family has established density leadership with devices up to 100,000 gates. With the introduction of the -3 speed grade, performance improvements in the -4 speed grade, and manufacturing cost reductions, Altera is now able to substitute the two remaining FLEX 10K family -5 speed grade devices with -4 speed grade devices (see table below). Please note that the substitute ordering codes are functional- and pin-compatible replacements for all affected ordering codes.

Altera will continue to accept orders for the current EPF10K50 -5 ordering codes until March 31, 1997. Final shipments of the existing ordering codes by Altera will occur no later than June 30, 1997.

### **FLEX 10K Family Changes**

<b>Existing Code</b>	<b>Substitute Code</b>	<b>Comment</b>
EPF10K50GC403-5	EPF10K50GC403-4	-4 price is lower than that of -5
EPF10K50RC240-5	EPF10K50RC240-4	-4 price is lower than that of -5

Please contact your local Altera Sales Representative if you require additional information, or assistance, regarding the changes described in this advisory.
